

## OWN THE PODIUM AND REACH THE HR COMMUNITY

Getting your brand noticed by potential buyers is critical for success, but competition for attention can be fierce. That's why marketers value promotions and communications that only feature their ads – they know they have the podium and a greater chance of increasing their share of the wallet.

You can easily access this kind of opportunity and reach 12,500 Canadian HR professionals. *Canadian HR Newswire Extra* is a custom-designed, single sponsor e-blast featuring unique content from the nation's most trusted HR news source, and only one advertiser – you.

Your custom newswire includes a junior leaderboard ad (600 x 100 pixels) and a sponsor ad (600 x 350 pixels) along with the latest hot topics leveraged from our large HR portfolio.
