Notwithstanding the foregoing, in the event that an employee's present wage is red circled and is administered in the new or a higher salary range, such employee shall not be eligible for an increase in salary.
(c) Should any dispute arise between the Corporation and the Association regarding the evaluation and setting the wage rate of a new job classification or the evaluation of an existing job classification, such dispute shall be submitted by the Association to the Manager, Human Resources within forty-five (45) calendar days of receipt of notification to the Association. Such dispute shall be settled by adopting the following procedure:

(i) A Board of four (4) persons will be established to attempt to resolve the dispute. Two (2) representatives will be appointed by the Corporation and two (2) representatives will be appointed by the Association, each of the four (4) having one equal vote. Every effort should be made to resolve the dispute within ten (10) working days of the Board’s appointment. In the event that the dispute remains unresolved forty-five (45) calendar days after receipt of the written request for review, as specified in 113.01(c), the following method of settlement shall be adopted:

(ii) The Corporation and the Association shall jointly submit the dispute to one (1) Appointee qualified in wage determination and administration within fourteen (14) calendar days of the matter being referred to in 113.01(c)(i). The event that the Corporation and the Association cannot agree on an Appointee, they shall request the Minister of Human Resources and Employment for the Province of Alberta to make the appointment. The Appointee shall meet and hear all pertinent matters and render a decision within twenty-one (21) calendar days from being appointed. The decision shall be final and binding upon such parties.

(iii) In the event that either party fails to process the dispute within the aforementioned times, that party shall be deemed to have conceded the dispute in favor of the other party.
113.02 It is agreed that the fees and expenses of the Appointee shall be borne equally by the two parties to the dispute.

113.03 The Corporation undertakes to inform the Association, in writing, when an employee is placed in another job classification. This will not be necessary in the case of progression jobs.

113.04 Job descriptions shall be established for each job classification and issued to the Association and the incumbent; further, where such job descriptions are changed, the changed description shall be issued upon completion to the Association and the affected incumbent within fourteen (14) calendar days of the changes being effectuated. The job descriptions issued by the Corporation to the Association are the property of the Corporation and are not for release by the Association to others outside the organization without the permission of the Manager, Human Resources.

113.05 During the annual performance review the supervisor shall review the job description with the incumbent. Significant changes to the incumbent's job description identified during the annual performance review will be forwarded before the expiration of forty-five (45) calendar days by the incumbent's Vice President of the Division to the Human Resources Department. Written confirmation of the results of the review shall be forwarded from the Human Resources Department to the employee and the Association within forty-five (45) calendar days from the receipt from the Vice President of the Division. If a change in classification results from the above it shall be effective on the date of the most recent job description as duly approved by the Vice President of the Division.

113.06 In the event that an evaluation or re-evaluation of a position results in reclassification or new classification to a lower wage group, the incumbent(s), as the case may be, from the date of retroactivity shall have their present wage rate red circled until such point in time as the incumbent(s) wage rate fits the wage range or the applicable time periods have expired (Refer to Note 7.), whichever comes first.

113.07 Notwithstanding Article 113.01(a), (b) and (c), the parties may mutually agree in writing to an extension of the time limits stated.

113.02 It is agreed that the fees and expenses of the Appointee shall be borne equally by the two parties to the dispute.

A lunch period of at least one-half (½) hour to a maximum of one (1) hour shall be observed. (b) Notwithstanding 116.01(a), a compressed work week may be implemented under the conditions outlined in Appendix G.

(c) Notwithstanding, 116.01(a), a schedule may be implemented in crisis circumstances as outlined in Appendix D.

116.02 (a) Shift employees shall be deemed to be employees who are required to work a regularly scheduled rotating two-shift or three-shift system. Shift employees shall be subject to an eight (8) hour day, and an average forty (40) hour week, and the schedules of shift work shall be posted in advance by the Corporation.

(b) The Corporation undertakes to give the employees affected seventy-two (72) hours notice of a change in the shift rotation, failing which, the Corporation shall pay the employee at the applicable overtime rate for the first shift worked.

Overtime shall mean any work performed in excess of eight (8) hours per day or forty (40) hours per week, subject to 116.01 and 116.02 above.
