**WORKING SAFELY**  
**IS PART OF YOUR JOB**

Your Company, your Government and your Union have given a lot of time to research and development of safety codes which have proved of value in helping prevent injuries. Mostly, they are common sense precautions that all skilled workers naturally take because, in addition to preventing injuries, they are the best way of doing the job.

It is your responsibility to learn the safe job procedures that have been developed and to follow them at all times. Then you will be doing your part toward preventing injury to yourself and your fellow-workers.

Remember, all safety hazards and accidents should immediately be brought to the attention of your supervisor.

**WE MUST ALL WORK TOGETHER TO WORK SAFELY**

**COMMITMENT TO QUALITY**

The Company, the Union and all employees share a common commitment to the manufacture of products of the highest quality.

They recognize that the reputation and success of the Company in the past has come from its commitment to quality and customer satisfaction and they recognize that the continued success of the Company in the marketplace and the employment and well being of all employees depends upon the continuing ability of the Company to satisfy the needs of existing and new customers with the highest quality of design and workmanship in its products.

The parties therefore confirm their commitment to the manufacture of a quality product as having the highest priority and commit themselves to taking the necessary steps at all levels to achieve this end.

OF THE SECOND PART

## **ARTICLE I - SCOPE AND PURPOSE**

**1.01** The general purpose of this agreement is to establish collective bargaining relations between the Company and the Union, to continue the co-operation and spirit of good will between the Company and its employees, to provide machinery for the prompt disposition of grievances arising under this agreement, and to set forth negotiated conditions of employment for all employees who are subject to the provisions of this agreement. The Union recognizes that in order to provide a proper relationship between the parties, the Company must be kept in a strong competitive market position, which means it must produce at the best possible efficiency and lowest cost, consistent with fair labour standards, and the Union agrees to support the Company in attaining such objectives.

**1.02** Wherever the masculine is used herein it shall be deemed to include the feminine.

## **ARTICLE II - NO STRIKES OR LOCKOUTS**

**2.01** The Union undertakes and agrees that while this agreement is in operation, neither the Union nor any employee shall take part in or call or encourage any strike, picketing, sit-down, slowdown, or any suspension of or stoppage of or interference with work or production which shall in any way affect the operations of the Company, nor shall there be any sympathy strikes or secondary boycotts, and the Company agrees that it will not engage in any lockout during the term of this agreement.

**2.02** Any employee who participates in any of the foregoing conduct shall be subject to discipline up to and including discharge.

**2.03** In the event of the Union or employees participating in activity prohibited by Article 2.01 hereof, all seniority rights under this agreement shall be suspended until such activity has ended.

## **ARTICLE III - RECOGNITION**

**3.01** As the Union was certified by the Ontario Labour Relations Board upon January 10, 1967, the Company recognizes the Union as the sole collective bargaining representative of the Company's employees, as designated herein in Article 3.02 hereof, at its Kenilworth Avenue plant in Hamilton, Ontario.

The Company agrees that as long as it operates the Brantford Jig Facility, the existing Collective Agreement for the Kenilworth Plant, will apply to employees at that facility.

**3.02** The bargaining unit for which the Union is recognized by the Company as the bargaining agent for purposes of collective bargaining is as follows: All employees employed by the Company at its Kenilworth Avenue North plant, Hamilton, Ontario, save and except:

- 1.** Foremen
- 2.** Supervisors

3. Persons above the rank of foreman or supervisor
4. Security guards
5. Office staff
6. Sales staff
7. Time study observers
8. Timekeepers
9. First Aid staff
10. Plant clerical personnel

**3.03** The Company recognizes and will not interfere with the right of its employees to become members of the Union, and will not discriminate against, interfere with, restrain or coerce employees because of membership in the Union. The Union agrees that neither the Union nor its members will intimidate or coerce employees into membership and also that it will not solicit membership, collect dues, or hold meetings on Company property.

The distribution of Union information on Company property shall be carried out subject to the following conditions:

- (i) Such distribution shall not take place during working hours,
- (ii) A copy of such Union information material shall be given to the Vice President of Human Resources at least twenty-four (24) hours prior to being distributed.

The privilege of distributing Union information does not include the distribution of material with respect to municipal, provincial or federal politics or elections or support for or a position against a political party.

**3.04** The Company agrees that, if any of its present operations at the Kenilworth Avenue Plant are transferred to another owned facility, within Ontario, the Company shall recognize the Union as the sole bargaining agent for such location.

The Company agrees to notify the Union if it undertakes operations at any location other than the Kenilworth Avenue Plant, within the Province of Ontario.

## ARTICLE IV - REPRESENTATION

- 4.01 (a)** The Union may designate and the Company will recognize a suitable number of Department Stewards, such number not to exceed forty-one (41), and a Plant Grievance Committee of not more than three (3) members, one of whom shall be designated as Chairman. Such stewards must be employees of the department which they have been designated to represent, unless this provision is waived in writing by the Vice President of Human Resources. The offices of Chief Steward (Day Shift), Chief Steward (Afternoon Shift) and Chief Steward (Night Shift) may be added. When no day shift, afternoon shift, night shift or no shift is in operation, the applicable office of Chief Steward will cease to exist. No one shall be eligible to serve as a Department Steward or Plant Grievance Committeeman unless they are an active employee of the Company, and has at least six hundred and forty (640) hours of service in the case of a Departmental Steward and two (2) years of seniority in the case of a Grievance Committeeman, unless this provision is waived in writing by the Vice President of Human Resources. The term “active employee” as used in this Article 4.01(a), shall mean an employee who is regularly at work and is not absent due to lay-off except in the case of a member of the Plant Grievance Committee on a continuous lay-off up to three (3) months, suspension or discharge pending grievance.
- (b)** The Union will strive to place a minimum of one (1) steward in every department and/or facility on every shift, spread equally throughout the plant. Additional stewards, per department, facility or shift shall be created on the ratio of fifty (50) employees for one (1) union steward, to a maximum number of forty-one (41) throughout the plant;
- (c)** The Union will inform the Company in writing of the identity of all stewards and grievance committee members, and the department and shift which each steward represents, and the Company shall not be obliged to recognize such personnel until it has been so informed.

The Union will have the right to appoint temporary stewards for second and third shift operations when the number of employees on such shift in a department reaches twenty (20). Such stewards will be withdrawn when the number of employees on the shift is reduced to fifteen (15) or less.

The Company will meet with the designated steward or grievance committee representatives, as the case may be, at the appropriate step of the grievance procedure with respect to the adjustment of grievances as provided in Article V entitled "Grievance Procedure".

- 4.02** When there is an increase or decrease of working force, the number of stewards may be increased or decreased by mutual agreement in writing.
- 4.03** The Company will inform the Union in writing of changes of general foremen, foremen and supervisors in a department.
- 4.04** For the purpose of this agreement, the plant grievance committee and the stewards together with the officers of the Local Union referred to in Article 7.07 hereof, shall be deemed to be officials of the Union. The parties hereto agree that the Union officials occupy a position of leadership and responsibility to see that this agreement is faithfully carried out. Union officials will be identified with coloured safety helmets (brown). The five Table Officers will be identified with burgundy coloured safety helmets.
- 4.05 (a)** No Union official shall leave his work to administer this agreement without requesting and obtaining the permission of his foreman or supervisor, and such permission will not be unreasonably withheld. The jurisdiction and duties of a steward shall be limited to the department or group of departments he represents. Where a steward is absent from work, the duties of that steward may be performed in his absence by the chief steward.
- (b)** The Company agrees that while on company property and employed, three (3) Union officials as designated by the Union to the Vice President of Human Resources, will be allowed to carry cell phones

for Union business. All calls are to be taken during lunch periods or breaks, otherwise such calls must be approved as per Article 4.05 (a).

**4.06** The Company agrees to provide the Union's Grievance Committee with copies of all signed violation slips. A signed violation slip is one which has been signed by a member of management. The employee shall sign a receipt, however, should an employee refuse to do so, which refusal is hereby considered improper, his steward, or if there is none, a member of the Plant Grievance Committee shall sign such receipt. Inadvertent failure by the Company to comply with this clause shall not negate the violation slip. If an employee goes for 24 months without a disciplinary violation slip, all violation slips prior to such 24 months period will be removed from the employee's record.

**4.07** An employee, whom the Company formally interviews on a matter which may lead to written discipline, suspension or discharge, will be advised by the General Foreman, Foreman, as the case may be, that he or she may, if desired, have the assistance of his Departmental Steward, or if there is none, a member of the Grievance Committee, or in specialized cases, a WSIB representative, any one of whom will be made available during such interview. If the employee declines representation, he must do so in writing.

If an employee is to be suspended indefinitely, he shall be notified in the presence of his Department Steward or a member of the Grievance committee. If an employee is to be escorted off Company property, the employee will be afforded the assistance of his Union representative, who shall also escort him.

## **ARTICLE V - GRIEVANCE PROCEDURE**

**5.01** The grievance procedures herein provided for are among the most important matters in the successful administration of this agreement. The Company and the Union therefore agree that the designated grievance procedure as hereinafter set forth shall serve as and constitute the sole and exclusive means to be utilized by the grievor for the prompt disposition, decision and final settlement of a grievance arising in respect of the interpretation or alleged violation of this agreement, and the specifically

designated grievance procedure shall be properly followed. Wherever the term “grievance procedure” is used in this agreement, it shall be considered as including the arbitration procedure.

- 5.02** “Grievance” shall mean a complaint or claim concerning improper discipline or discharge, or a dispute with reference to the interpretation or alleged violation of this agreement.
- 5.03** The Company shall be under no obligation to consider or process any grievance unless such grievance has been presented to the Company in writing at Step 2 of the grievance procedure within ten (10) days from the time the circumstances upon which the grievance is based were known or should have been known by the grievor. However, if the Company does consider or process a grievance which has been presented late, the Company must object in writing at Step 2 of the grievance procedure, if not, the grievance is arbitrable.
- 5.04** All time limits referred to in the grievance procedures herein contained shall be deemed to mean “working days”. Working days shall be deemed not to include Saturdays, Sundays or Statutory Holidays for the purposes of this Article.
- 5.05** An employee grievance shall be processed as follows:

**STEP 1** If an employee has a grievance he/she shall first and immediately discuss the matter with the Department General Foreman or with his/her Department Foreman as the case may be. The employee will be given the assistance of his/her Departmental Steward, or if there is none, a member of the Grievance Committee, or in specialized cases, a WSIB representative, any one of whom will be made available. The Foreman shall give the grievor and union representative an answer within three (3) days of such meeting. If the foreman’s reply is not satisfactory, the next step shall be taken within five (5) days of the Foreman’s answer, but not thereafter.

**STEP 2** At this step the grievance shall be reduced to writing and presented to the Vice President of Human Resources (or his designated

representative) within the aforesaid five (5) days, but not thereafter. The written grievance shall identify: the facts giving rise to the grievance; the section or sections claimed violated; the relief requested and shall be signed by the employee and countersigned by his Department Steward or Plant Grievance Committeeman. A meeting will be held within sixty (60) days after the grievance has been submitted to the Company. The meeting will include the Plant Grievance Committee (which may be accompanied by the International Representative of the Union) and the Vice President of Human Resources and any other representative of management. The Union is permitted to the end of the aforesaid meeting, to amend the written grievance. Such amendment shall be in writing and no further amendment will be permitted after such meeting. The Company will deliver its decision in writing to the Chairman of the Grievance Committee within five (5) days of such meeting; also, a copy of such written decision will be delivered to the International Representative of the Union. Further, the Company may allow up to eight (8) hours per week to hear such grievances. A grievor attending a Step 2 meeting, of his grievance, shall not have a deduction from time worked for the first thirty (30) minutes of attendance.

**STEP 3** If final settlement of the grievance is not reached at Step 2, then the grievance may be deferred in writing by either party to arbitration as provided in the next article “Arbitration”, at any time within thirty (30) calendar days after the decision is received under Step 2.

**Arbitration:**

1. The arbitration procedure in this Agreement shall be based on the use of a single arbitrator whose decision shall be final and binding upon the parties and upon any employee affected by it.
2. The single Arbitrator shall be designated by the employer and the Union.
3. Failing agreement on the selection of an Arbitrator within five (5) working days, the matter shall be referred to the Ministry of Labour, who shall appoint the Arbitrator.

4. (a) The Arbitrator shall not be authorized, nor shall the Arbitrator assume authority, to alter, modify, or amend any part of this agreement, nor to make any decision inconsistent with the provisions thereof, or to deal with any matter not covered by this agreement.  
  
(b) If a grievor satisfies the Arbitrator that there was not just cause for their discharge, the Arbitrator shall have jurisdiction to modify the discharge.
5. The fees and the charges of the Arbitrator shall be borne equally by the Company and the Union.
6. Prior to proceeding to arbitration, either party may request Grievance Mediation Services in an attempt to try and resolve any differences between the parties that have been referred to arbitration. The parties must mutually agree to the Mediator. If an agreement to resolve the matter is reached, that decision will be final and binding on both parties and on the grievor. The fee for the services will be borne equally by the Company and the Union.

**5.06** No matter may be submitted to arbitration which has not properly been carried through all specified previous steps of the grievance procedure within the times specified at each step. The provisions of this clause shall not be considered to have been waived by the parties or either of them unless they expressly provide a waiver thereof in writing, signed by both parties.

**5.07** A grievance which has been disposed of pursuant to the grievance provisions of this agreement shall not again be made the subject matter of a grievance.

**5.08** Failure to put a grievance in writing at Step 2, in accordance with the requirements thereof shall be deemed a complete waiver and abandonment of the grievance by the grievor. Any grievance not appealed from one step of the grievance procedure to the next within the specified time limits shall be considered settled on the basis of the last reply.

- 5.09** A decision or settlement reached at any stage of the grievance procedure shall be final and binding upon all parties hereto, including the complaining employee, and shall not be subject to reopening by any party except by agreement in writing. If the grievance is settled at Step 2 or 3 of the grievance procedure both the Company's Vice President, Human Resources and the Union representatives who pass on the same as provided herein, shall sign the settlement as endorsed upon the written grievance, so that no question or argument may arise as to what the settlement was. An allegation that either party has failed to comply with the terms of the written settlement of a grievance may be the subject of a grievance.
- 5.10** Whenever the Company requests a Union Representative who is an employee of the Company to leave their work area and confer upon Union matters, such employee shall be reimbursed by the Company for the time spent during their scheduled working hours at their regular rate including all premiums. The premiums shall be based on what they were to earn on that job that day.
- 5.11** If a representative of the International Union wishes to enter the plant to view an operation pertaining to any grievance which has reached Step 3 of the grievance procedure, he shall first request such permission from the Vice-President, Human Resources. Such permission will not be unreasonably withheld. The union representative shall at all times be accompanied by a member of the Vice-President, Human Resources' staff and shall be subject to all plant rules.
- 5.12** When an employee's grievance is settled by the parties or determined by a Board of Arbitration on the basis that the employee is entitled to be reimbursed for wages lost as a result of action on the part of the Company in violation of this agreement, such reimbursement shall be retroactive to the date four (4) working days prior to the presentation of the grievance to the Company in writing at Step 2. Such reimbursement shall be at the employee's base rate inclusive of any premiums, for such hours as the employee would have worked for the Company if the violation had not occurred, but there shall be subtracted therefrom any monies the employee earned during such period. An employee will not be reimbursed for any time which they would have lost in the course of events other than as a

result of the Company's aggrieved conduct. It has been the practice of the Vice President of Human Resources to rectify mistakes as to the quantum of pay, made by the Company, to the date of error, if the problem was brought to his attention in accordance with Article 5.03.

The Company agrees that the Vice President of Human Resources or his designate, independent of Article 5.12, will continue to rectify Company errors as to the employee's quantum of pay for any pay periods in which the employee receives pay. Such rectification has been effected as of the date the original payment was made, subject to the employee and/or the Union bringing such matter to the Company's attention, in accordance with Article 5.03.

### **5.13 Group Grievance**

The Company will recognize a Group Grievance as one which directly affects a number of employees and in which the facts and issues in respect to each such employee are the same. In such cases, a single grievance shall be processed commencing at and in accordance with Step No. 2 of Article 5.05 within the times set out in Article 5.03, providing all grievors sign the grievance form. In the event a grievor or grievors are unable to sign the grievance form due to disability or other absence from work, their names shall be printed on the grievance form and initialled by the steward. A representative grievor will attend the grievance meetings.

### **5.14 Union Policy Grievance or Company Grievance**

A Union Policy Grievance or a Company Grievance may be submitted to the Company or the Union, as the case may be, in writing within ten (10) days from the time the circumstances upon which the grievance is based were known or should have been known by the grievor. A meeting will be held within thirty (30) days of the presentation of the grievance and shall take place within the framework of Step 2 of Article 5.05. The Company or the Union shall, as the case may be, give its written decision within five (5) days of such meeting. If the decision is unsatisfactory to the grieving party, the grievance may be submitted to arbitration within thirty (30) days of the delivery of such written decision and the arbitration sections of this agreement shall be followed. It is expressly understood that the provisions of this paragraph 5.14 may not be used by the Union to institute a grievance

affecting an employee or employees, which such employee or employees could themselves institute, and the provisions of Article 5.05 hereof shall not thereby be bypassed.

### **5.15 Discharge Cases**

- (a) A claim by a seniority employee that he has been discharged without proper cause shall be treated as a grievance and shall commence at Step 2 of Article 5.05 provided a written grievance signed by the employee and his department steward is presented to the Vice President, Human Resources within five (5) days after discharge. The International Representative of the Union will be permitted to attend the meeting held pursuant thereto, with the Vice-President of Human Resources. The Union will not question the discharge of any probationary employee nor shall such discharge be the subject of a grievance.
- (b) Should the parties agree or should the arbitration board determine that a seniority employee has been discharged without proper cause, such employee shall be reinstated as an employee without loss of seniority and shall be compensated in accordance with the provisions of Article 5.12 hereof.
- (c) In the event that a grievance is lodged in accordance with the provisions of this Article 5.15, the company agrees to advise the employee, in writing, of the provisions under Article 5.15(c), which provisions provide that the employee will be permitted to continue at his own expense, his protection under the group insurance plans of Appendix "B", by paying the necessary premiums to the company as follows: Within ten (10) days of discharge - the amount of premiums sufficient to maintain coverage for the balance of the month, and thereafter, monthly in advance until the issue is resolved, but not to exceed twelve (12) months from the date of discharge. In the event an employee fails to make the necessary payments in advance, his coverage shall lapse. If the employee is reinstated by the Board of Arbitration and the company is ordered to reimburse him for earnings lost, he will also be reimbursed payments which he has made to such plans.

(d) The Company and the Union agree that the provisions of the Letter of Understanding found at the end of the Collective Agreement, titled "*Re: Human Rights and Sexual and Racial Harassment*", shall form part of and be incorporated into this Collective Agreement.

5.16 (a) Upon being notified of his discharge while at work, it shall be the duty of the employee to leave his department and go to the Vice-President, Human Resources' office. If the notification occurs outside of regular office hours or while the employee is not at work, the employee shall report to the Vice-President, Human Resources' office during the hours of the next regular day shift unless prevented from doing so by reasons beyond his control.

(b) The Vice-President of Human Resources will notify the Plant Grievance Chairman of the discharge in writing, including all three (3) day letters that result in discharge, within twenty-four (24) hours, all letters will be signed for by a member of the Grievance Committee in a log book located in Human Resources.

## ARTICLE VI - MANAGEMENT RIGHTS

6.01 Except as, and to the extent specifically modified by this agreement, all rights and prerogatives which the Company had prior to the execution of this agreement are retained by the Company and remain exclusively and without limitation within the rights of the Company and its management. Without limiting the generality of the foregoing, the Company's rights shall include:

(a) The right: to maintain order, discipline and efficiency; to make, alter and enforce, from time to time, reasonable rules and regulations, policies and practices, to be observed by its employees; to discipline and discharge employees for proper cause.

(b) The right: to select, hire and control the working force and employees; to transfer, assign, promote, demote, classify, lay off, recall, suspend, and retire employees; to plan, direct and control plant

operations; to select and retain employees for positions excluded from the bargaining unit and to transfer employees into the bargaining unit.

- (c) The right to determine: the location and extent of its operations and their commencement, expansion, curtailment, or discontinuance; the direction of the working forces; the products to be manufactured; the standards of production; the subcontracting of work; the schedules of work and of production, the number of shifts; the methods, processes and means of performing work; job content and requirements; quality and quantity standards; the qualifications of employees; the use of improved methods, machinery and equipment; whether there shall be overtime work and who shall perform such work; the number of employees needed by the Company at any time and how many shall operate or work on any job, operation, machine, or production line; the number of hours to be worked; starting and quitting time. And generally the right to manage the enterprise and its business without interference are solely and exclusively the right of the Company.
  
- (d) The Company will provide the Union with at least seven (7) working days notification of the establishment of any new rule(s), regulation(s), which will apply to all employees of the bargaining unit.

**6.02** In administering this Collective Agreement, the Company agrees to act reasonably, in a non-discriminatory fashion and in a manner consistent with the Agreement as a whole.

## **ARTICLE VII - SENIORITY**

### **7.01 Definition of Seniority**

When an employee has completed his or her probationary period in the manner set forth in Article 7.02 hereof, he or she will be considered to have attained seniority and shall have seniority rights to the extent provided in this agreement. When two (2) or more employees are hired on the same day, sequence numbers will be indiscriminately allotted and such number shall fix the employee's place on seniority lists. The seniority of present

seniority employees shall be that which is presently established and in effect.

### **7.02 Probationary Employee**

An employee having less than six hundred and forty (640) hours worked shall be considered a probationary employee and will have no seniority rights, but when such rights are acquired, after working six hundred and forty (640) hours, seniority will be regarded as having started from the employee's original date of hire. If a probationary employee's service is terminated for reasons other than lack of work the Company will so inform the employee at the time of termination. The Union will not question the lay-off, discipline or dismissal of any probationary employee, nor shall such lay-off or dismissal be the subject of a grievance.

### **7.03 Departmental Seniority**

An employee who has completed his probationary period but has less than twenty-four (24) months of service shall be placed on departmental seniority list in line with his service with the Company.

### **7.04 Plant-wide Seniority**

An employee having twenty-four (24) months or more of service shall be placed on the plant-wide seniority list in line with his service with the Company.

### **7.05 Seniority Lists**

- (i) **Departmental** - The company will keep up to date departmental seniority lists which will include those employees laid off due to work shortage, and furnish the appropriate department list to the Chief Steward monthly.
- (ii) **Plant-wide** - During the first week of January and of July of each year the Company will furnish to the chairman of the plant grievance committee an up-to-date plant-wide seniority list.

**7.06** For all employees who become Supervisors shall be governed by the following provisions:

- (a) An employee promoted outside of the bargaining unit and later removed from such position but still in the employ of the Company, shall be reassigned to the job from which they were promoted with their former seniority date less any time spent outside of the bargaining unit. In the event that the employee being reassigned to the bargaining unit does not have the seniority to displace an employee in the job from which they were promoted, then that employee may exercise their seniority under Article 7.09. If an employee has been out of the bargaining unit for a total of twenty-four (24) months, the employee will lose all seniority rights.
- (b) The Company agrees, if any supervisor has been out of the bargaining unit for more than twenty-four (24) months, such supervisor will lose all bargaining unit seniority rights.
- (c) For employees who were hired directly into a position outside of the bargaining unit and are placed in to the bargaining unit, they will be deemed new employees with no seniority. During any period of layoff, these employees shall not be placed into the bargaining unit or in the position of Lead Hand.
- (d) The Company and the Union will meet monthly to discuss Company/Union relations.

### **7.07 Preferential Seniority - Union Representatives**

The Company agrees to accord a preferred seniority status to the President, Vice-President, Recording Secretary, Financial Secretary, Treasurer, Grievance Committeemen, Chairman of the Joint Health and Safety Committee, Chief Steward-Day Shift, Chief Steward-Afternoon Shift, Chief Steward-Night Shift, Chairman of Compensation Committee, and Departmental Stewards, not to exceed a total of thirty-one (31) in all, so that in the event of a reduction of working force the Union has adequate representation in the various departments consistent with employment in such departments provided that such Union representatives are qualified.

The Union shall have the right to designate in writing the employees who shall have preferred seniority, however, the list shall be limited to employees holding office in the Union. Whenever the Union wishes to substitute another person for one on the preferred seniority list it shall notify the Company in writing, and thereafter the person whose preferred seniority has ceased shall resume his regular seniority. In no case shall the Company be obligated to recognize the preferred seniority status of a person who is not qualified.

Preferred seniority hereunder, of a Union official other than the Chairman of the Plant Grievance Committee, President and Vice-President, Chairman of the Joint Health and Safety Committee, Chief Steward-Day Shift, Chief Steward-Afternoon Shift and Chief Steward-Night Shift, and Chairman of Compensation Committee shall be restricted to the department in which he is, at the time, regularly employed.

**7.08** Whenever used in this agreement the word “*qualified*” or the like, shall mean that the person has the skill and the ability to enable the person to perform the work required in the classification in accordance with the Company’s quality and production standards, so that the person performs such after being given general information concerning it. In other words, the performance of work does not require a trial period or a training period but does permit a five (5) day familiarization period, for those employees who have previously qualified in that classification.

Whenever the question of whether an employee is qualified arises, it shall be the employee’s responsibility to satisfy the Company that he is qualified to perform the work of the classification (i.e. occupation) and he must do so at a time prior to his assertion thereof in the face of a lay-off, recall or transfer.

The Company agrees that if an employee has performed work in a classification, to the Company’s quality and production standards, for a period of thirty (30) working days in the previous twenty-four (24) months, such employee shall be considered “*qualified*” for that classification.

In response to the rising costs associated with training unskilled employees, newly hired employees in the following departments: Steel Fabrication, Wheel & Axle, Steel Construction, Equipment, Paint Shop, Shotblast and Cranes, will be paid a training rate which will be added to the wage rates listed in Schedule "A". The application of the training rate will not exceed two thousand and eighty (2080) hours worked.

The trainee rates shall apply to newly hired employees only. An employee who has previously lost recall rights with the Company will be exempt from the above rates upon rehire.

**7.09 (1) General Provisions Respecting Lay-off**

When it is necessary to decrease the number of employees in a department, such reduction will be made as follows:

- (a) Probationary employees in a department will be the first laid-off.
- (b) If further lay-offs are necessary in the department, departmental seniority employees will be laid-off in inverse order of seniority provided the remaining employees are qualified.
- (c) If further lay-offs are necessary in the department, a plant-wide seniority employee will be assigned by the Company to work being performed by an employee in another department with less seniority, provided he is qualified.

  - (i)** forty (40) straight time hours commencing at 10:00 p.m. on Sunday for those employees working eight (8) hours;
  - (ii)** forty (40) straight time hours commencing at 7:00 a.m. on Monday for those employees working ten (10) hour shifts as defined in Article 9.04(b);
  - (iii)** over two (2) consecutive weeks for those employees on twelve (12) hour shifts commencing at 7:00 a.m. on Sunday with thirty-six (36) hours in the first week and forty-four (44) in the second week. The Company reserves the right to schedule up to forty-eight (48) hours in the second week.

- (e) The normally scheduled workdays of an employee on leave of absence for Union business pursuant to Article 16.04 hereof, shall be counted as having been worked;
- (f) The normally scheduled working hours of an employee on temporary layoff pursuant to Article 7.12(1) hereof, shall be counted as having been worked.
- (g) For hours worked on the second or third day of rest, two (2) times the normal hourly rate shall be paid for all hours worked.

**9.06** For those employees engaged in continuous operations, overtime shall be paid only for hours worked in excess of the present normal working hours, as set out in 9.05. Such employees engaged in a continuous operation shall receive a premium of one dollar (\$1.00) paid for each hour worked on Saturday and/or Sunday as part of their normal workweek.

**9.07** Work performed in excess of the normal work day or week as defined in Article 9.02 or in Article 9.05, will not be considered to be overtime if it results from:

- (a) Change in shift or exchange of shifts requested by the employee and consented to by the foreman;
- (b) The application of seniority in a reduction of force;
- (c) The granting of a request for transfer.

**9.08** An employee shall be paid as follows for overtime hours worked:

- (a) An employee not on incentive will be paid at the rate of one and one-half (1-1/2) times his base hourly rate exclusive of premiums;
- (b) An employee on incentive will be paid time and one-half (1-1/2) his incentive earnings for the overtime hours worked.

- 9.09** In no case will there be duplication or pyramiding of daily and weekly overtime or any other premium compensation. No employee who has worked overtime in the week will be required to take time off during such week where the sole reason for such time off is to avoid paying overtime.
- 9.10** An employee called in to do emergency work will be paid a minimum of three (3) hours pay for such work at his base hourly rate or the overtime rate, as the case may be. However, when an employee, after leaving the plant at the completion of his shift is notified to report for work two (2) hours or less prior to his regular starting time and he is expected to work through and complete his regular shift, he will be paid only for the hours worked in excess of the hours as specified in Article 9.02 or 9.05, as appropriate to that employee.
- 9.11 (a)** An employee who properly reports for work at the beginning of his regular 8, 10 or 12 hour shift, unless he has been notified at least two (2) hours before the commencement of his shift not to report, will receive at least four (4) hours work if regularly assigned to an eight (8) hour shift, five (5) hours work if regularly assigned to a ten (10) hour shift, or six (6) hours work if regularly assigned to a twelve (12) hour shift at his straight time base hourly rate or shall be paid for four (4), five (5) or six (6) hours respectively at his straight time base hourly rate, except in cases of labour disputes, machinery, equipment, power or other utility breakdowns, fire, flood or any other causes, within reason, beyond the control of the Company. Where an employee reports for work on his regular shift and is sent home with instructions to report on a later shift he shall be paid for two (2) hours subject to the same exceptions and conditions as set forth in this section. An employee, other than an employee who reports for work on his regular shift and is sent home with instructions to report on a later shift, who does not accept available work when offered shall not be entitled to payment for reporting. When an employee has not been working because of illness, leave of absence or any other cause, it shall be his responsibility to arrange with the Company for his return to work at least one (1) but not more than two (2) regular working days prior to the time of his intended return. It is the employee's duty to keep the Department of Human Resources informed of his correct address and telephone number, and the

Company will not be liable for any payment unless such arrangements have been made.

**(b)** In any situation where all the employees in a line position are not being sent home under this Article, the senior qualified employees will be kept. In all other non-line areas of the plant the junior employees will be sent home, as long as the more senior employees are qualified to perform the remaining work. Under no circumstances will employees be allowed to bump into other positions, line or departments.

**9.12** When overtime is scheduled to be performed by employees in a department, the Company will endeavour as far as practicable to equitably allocate the overtime among qualified employees of the department who presently and normally perform the major or dominant portion of the work required. However, production lines or group operations will not be affected or interfered with. An employee on an individual operation or assignment will not be displaced for overtime occurring at the end of a regular shift. Employees who are absent from work for any reason shall be considered not available for the allocation of overtime, and shall not be entitled to be called in.

It is not the intention of the parties to this agreement that the Company shall be held to an obligation of equal allocation of overtime but is only intended to be a general rule for the guidance of the Company in allocating overtime. An employee who is justifiably aggrieved as a result of the Company's failure to follow this general rule shall not be entitled to money payment for overtime which has not been allocated to him in the past but shall be entitled to be allocated future overtime to restore him to a relatively equitable position with those other qualified employees in the department who presently and normally perform the operation upon which the aggrieved employee is involved.

The Company undertakes to post on a monthly basis in all Departments, overtime lists for that Department.

**9.13** A shift premium of forty-six cents (46¢) per hour will be paid for hours worked during the second scheduled shift and a shift premium of fifty-two

cents (52¢) per hour will be paid for hours worked during the third scheduled shift. The foregoing shift premiums will be paid only to employees who are actually regularly scheduled to work such shifts and the forty-six cent (46¢) premium shall not be paid to employees whose work on the first shift continues into the second shift, nor will the fifty-two cent (52¢) premium be paid to employees on the second shift whose work continues into the third shift. For those persons working a ten (10) hour shift and/or a twelve (12) hour shift, a shift premium of fifty-two cents (52¢) per hour will be paid for hours worked during the second scheduled shift. No shift premium will be paid for hours worked during the first scheduled shift.

**9.14** There shall be a one-half (½) hour unpaid lunch period for employees on one (1) shift and two (2) shift operations in which the shift hours do not exceed eight (8) hours. Employees on a continuous operation, as defined in Article 9.04, or employees regularly assigned to the Company's Kenilworth Avenue North, Hamilton location who regularly work a one (1) shift operation where the shift exceeds eight (8) hours (i.e., a single ten (10) and twelve (12) hour shift), shall receive a twenty (20) minute paid lunch period on a staggered basis, if they work eight (8) hours. All employees on a continuous operation or on one (1) shift operations which exceed eight (8) hours (i.e., a single ten (10) and twelve (12) hour shifts), are entitled to daily lunch and coffee breaks totaling one (1) hour, to be scheduled equally throughout the shift and in accordance with the daily production requirements.

**9.15 (a)** An employee shall have added to his pay an allowance of \$7.25 for a meal when he is required to work two (2) hours or more overtime after completion of his regular work day without having received notice of such overtime before reporting for work.

**(b)** When the supervision estimates that the overtime will involve more than three (3) hours beyond the end of the regular shift, employees will be allowed a supper period of one-half hour for which they will not be paid.

(c) In cases of major breakdowns or other emergency situations it may not always be possible to allow employees a supper period at a specified time. Supervision will be governed by the circumstances and arrange a supper period, when necessary and if possible, as close to regular eating time as feasible.

**9.16** The Company shall provide to the Union and affected employees, fourteen (14) days' notice prior to the implementation and/or discontinuance of ten (10) or twelve (12) hour shift rotations, as defined in Article 9.04. If the Union requests, the Company agrees to consult with the Union as it relates to the implementation or discontinuance of ten (10) and twelve (12) hour shift rotations in any Department, before implementation of the same. The Company retains the right, however, to make the ultimate decisions as to implementation and/or discontinuance relating to such shifts.

**9.17** The Company agrees that in any situation where an application for Employment Insurance Work Sharing is required, the Company agrees that if the Company and the Union can agree on a Work Sharing Plan, reduced hours would not be implemented until a Work Sharing Plan is approved.

## **ARTICLE X - VACATIONS WITH PAY**

**10.01** Wherever the term "vacation year" is used in this agreement, it shall mean the year from one July 1st to the following June 30th.

**10.02** The Company reserves the right to close the plant for up to three (3) weeks, for vacation purposes, at a time most suitable to the needs of the business, during the period from July 1 to August 13. The Plant closure dates must be posted no later than April 30<sup>th</sup> of each year. If the Company is required to revise the posted dates of the shutdown, the Company will consult with the Union. Except for employees whose services are required by the Company during the shutdown, employees shall take the vacation to which they are entitled, up to such three (3) weeks, during the shutdown.

Additional vacation beyond the length of the shutdown for employees entitled thereto must be taken at a time approved by the employees' general

foreman but shall be taken between January 1 and November 30 - (i.e.) Prior to December 1 - of the year in which they become entitled thereto.

In granting vacation periods, the Company will cooperate with employees required to work during the summer vacation shutdown. It must be recognized that most employees are maintenance employees whose presence is required and that such cooperation must be administered in such a way as to cause no interference with operations.

**10.03** This vacation plan shall not change vacation service credits compiled on the basis of the former plan. Service for this plan shall be the employee's seniority as at June 30 and such service shall be considered broken under the provisions of Article 7.13 hereof.

**10.04** The employee shall be entitled to an annual vacation in accordance with the following schedule on the basis of his service (i.e. seniority) at June 30 in each year:

- One year service (seniority) but less than five as at June 30 - two weeks;
- Five years of service (seniority) but less than ten years as at June 30 - three weeks;
- Ten years of service (seniority) but less than twenty years as at June 30 - four weeks;
- Twenty years of service (seniority) but less than twenty-five years as at June 30 - five weeks;
- Twenty-five years of service (seniority) or more as at June 30 - six weeks.

**10.05** Pay for vacation to which the employee is entitled hereunder will be two percent (2%) of wages earned in the vacation year for each week of vacation entitlement.

Employees with less than one year's service as at June 30 shall receive as vacation four percent (4%) of wages earned, as defined above, at June 30.

**10.06** Whenever one of the designated holidays referred to in Article XI hereof occurs during an employee's vacation, he shall, provided he otherwise qualifies pursuant to the provisions of Article XI hereof, receive an extra day's pay but not an extra day's vacation.

**10.07** A vacation payment made to an employee under this section shall not be considered as extending the employee's period of service beyond the last day he performed work for the Company.

**10.08** Vacation pay for an employee who becomes deceased prior to vacation being taken will be paid to the estate of the deceased employee and will be computed on the basis of his seniority as at his last day worked.

## **ARTICLE XI - DESIGNATED HOLIDAYS**

**11.01** An employee who has attained seniority will be paid for the following twelve (12) designated holidays providing he complies with the qualifications hereinafter set forth.

The twelve (12) designated holidays are:

If Civic Holiday falls during the traditional summer shutdown, it shall be taken between Christmas Day and New Years Day.

**11.03** In order to qualify for payment for each of the above-designated holidays, the employee must work the full scheduled workday immediately prior to and the full scheduled workday immediately subsequent to the holiday unless specifically excused as follows:

- (a)** An employee absent for part of the workday on a qualifying day may be allowed under the following conditions:

  - (ii)** unavoidable lateness not in excess of thirty (30) minutes;

  - (i)** service as a juror.

- (d) The Company reserves the right, at its sole discretion, notwithstanding Article 11.03, to pay holiday pay to an employee who has attained seniority, for Christmas Day, Boxing Day and New Year's Day, if the employee is laid off on or after December 16<sup>th</sup> and provided the employee works the full scheduled work day immediately prior to his layoff.

**11.04** An employee who qualifies for payment for a designated holiday not worked will be paid on the basis of the employee's base rate for his normally scheduled hours per day up to twelve (12) hours, in effect at the time the holiday occurs, exclusive of all premiums.

- 11.05**
- (a) All work performed by an employee, including an employee on a continuous operation, on any of the designated holidays, shall be paid for at two (2) times the regular day rate for all hours worked. Such payment shall be in addition to holiday pay for qualifying employees. Employees required to work on Christmas Day shall be paid two times the regular daily rate.
  - (b) Notwithstanding the provisions of Article 11.05 (a) hereof, where a regularly scheduled shift starts at 11:00 P.M. on the night of a designated holiday and finishes on the holiday or starts on the night of a designated holiday, such hours of the shift as are worked on the holiday will not be paid for at

overtime of premium rates, but shall be paid for at the employee's regular rate.

- 11.06** An otherwise eligible employee, who is scheduled to work on one of the designated holidays but does not report for work and work as scheduled, shall forfeit his holiday pay for that particular holiday, unless he is able to provide a reason satisfactory to the Vice President of Human Resources for such failure.

In any event, the employee shall not be entitled to receive any pay hereunder for any day upon which he would not otherwise have been scheduled to work for the Company. Payment will be based upon the employee's base hourly rate for his normally scheduled hours per day up to twelve (12) hours, exclusive of premiums.
- (b) The Company agrees to grant to seniority employees two (2) days' paid leave for the purpose of attending the funeral in the case of death of the employee's grandparent. In the case of the employee's brother-in-law or sister-in-law, the Company agrees to grant the seniority employees one (1) day paid leave for the purpose of attending the funeral. In any event, the employee shall not be entitled to receive any pay hereunder for any day upon which he would not otherwise have been scheduled to work for the Company. Payment will be based upon the

employee's base hourly rate for his normally scheduled hours per day up to twelve (12) hours, exclusive of premiums.

## **12.02 Pallbearer**

A seniority employee called upon to act as a pallbearer will be paid at his base hourly rate exclusive of premiums for the time involved, up to a maximum of four (4) hours, provided he obtains his foreman's authorization in advance.

## **ARTICLE XIII - JURY DUTY**

**13.01** Each employee who is summoned to and reports for jury duty, as prescribed by applicable law (subject to the eligibility requirements set out below), shall be paid by the Company the difference between the employee's regular base rate exclusive of premiums for the number of hours up to twelve (12) hours that he otherwise would have been scheduled to work and the daily jury duty fee paid by the court (not including travelling allowance or reimbursement of expenses). The Company's obligation to pay an employee for jury duty under this section is limited to a maximum of sixty (60) days in any calendar year, and in order to receive payment under this section, an employee must meet all the following eligibility requirements:

- 14.01** It is the Company's policy to assist and encourage employees to advance themselves by further education. Accordingly, the Company will pay one and one half (1-1/2) of the tuition fee of any seniority employee who satisfactorily completes any course first approved by the Company as related to such employee's work. Employees seeking approval of a course will discuss such course with the Vice President of Human Resources.

## **ARTICLE XV - NOTICES**

- 15.01** The Company agrees to provide bulletin boards adjacent to the timeclocks for the use of the Union, for Union notices announcing Union meetings or social events, subject to the following conditions:
- (a)** Such notices shall first require the stamped approval of the Vice President of Human Resources, and;
  - (b)** No change shall be made in any such notice, either by the Company or by the Union, after it has received the stamped approval of the Vice President of Human Resources.
- 15.02** The Union will not distribute or post or cause or permit to be distributed or posted on the property of the Company, or on its behalf, any pamphlets, advertising or political matter, cards, notices, or other kinds of literature except with the written permission of the Vice President of Human Resources.

## **ARTICLE XVI - LEAVE OF ABSENCE**

- 16.01** Request for leave of absence must be made through the Vice President of Human Resources, and if granted for a period of more than five (5) working days will be in writing. A leave of absence, except as otherwise provided herein, shall be permissive only, and shall be understood to mean an absence from work, requested in writing by the employee on the form provided for such purpose and consented to in writing by the Vice President of Human Resources, covering a permitted period of time for personal reasons. Leave of absence will not be granted to accept other

employment of any kind. Leave of absence shall be permissive only and shall be without pay or any other form of compensation. The Company agrees, as a matter of policy, to attempt to grant leave of absence for personal reasons to employees with plant-wide seniority, if it is practical to do so. For purpose of this clause, "personal reasons" shall include educational leave.

**16.02** Should an employee's leave of absence extend beyond the period of time for which the Company has agreed under the terms of this agreement to pay his benefit premiums, the employee shall be responsible for pre-paying such premium to the Company for the remaining period of time for which he will be absent on such leave of absence.

**16.03** Normally, a leave of absence will not be granted for a period in excess of three months.

**16.04** The Company will grant leave of absence to not more than eight (8) seniority employees at the same time for legitimate union business, such as convention delegates. The foregoing, however, is subject to the limitation that such leave of absence may be withheld by the Company if the absence of any such employee will interfere with production. In addition to the foregoing, the Company will grant leave of absence to the steward body for two (2) days per calendar year to attend a Union Stewards' seminar.

**16.05** Whenever an employee is required by the Union to be absent on union business and a leave of absence is required under the provisions of this Article XVI, the employee shall request permission of the Vice President of Human Resources for such leave of absence at least three (3) days in advance of the leave of absence.

Union, will be granted a special leave of absence for the term of his/her elected office or appointment.

## ARTICLE XVII – INSURANCE PLANS

- 17.01**
- (a)** The Group Insurance Plan as of October 1, 1970, comprising life insurance, accidental death and dismemberment, and weekly indemnity for payroll seniority employees of National Steel Car Limited, details of which are set out in Appendix “B”, shall remain in effect during the life of this agreement subject to the following clauses of this Article XVII.
  - (b)** Notwithstanding anything to the contrary contained in this Article XVII, as a result of Federal legislation providing for the payment of monies to employees for loss of income on account of sickness or accident, the amount of payment which the employee would be entitled to receive pursuant to this Article XVII, as a result of being prevented from working on account of a non-occupational accident or as a result of sickness, shall be reduced by the amount of money which the employee is eligible to receive pursuant to the aforesaid legislation. The purpose hereof is to require the employee to utilize his rights under legislation before claiming weekly indemnity hereunder.
  - (c)** If the employee’s eligibility under legislation is for less than five hundred and forty-six dollars (\$546.00) per week, the weekly indemnity plan hereunder would pay the difference between the amount for which the employee is eligible and five hundred and forty-six dollars (\$546.00) per week. In other words, an employee eligible for weekly indemnity hereunder would not receive less than five hundred and forty-six dollars (\$546.00) per week. Commencing June 24, 2016, the previous five hundred and forty-six dollars (\$546.00) will be changed to five hundred and fifty-six dollars (\$556.00). Commencing June 24, 2017, the previous five hundred and fifty-six dollars (\$556.00) shall be changed to five hundred

and sixty-six dollars (\$566.00). Commencing June 24, 2018, the previous five hundred and sixty-six dollars (\$566.00) shall be changed to five hundred and seventy-six dollars (\$576.00). Commencing June 24, 2019, the previous five hundred and seventy-six dollars (\$576.00) shall be changed to five hundred and eight-six dollars (\$586.00).

- (d) The weekly indemnity plan hereunder shall continue to provide up to fifty-two (52) weeks of payment, and therefore, the employee shall have protection for fifty-two (52) weeks plus the additional weeks provided by legislation. In other words, the fifty-two (52) weeks provided for herein remains constant and is not reduced by the number of weeks the employee is paid under legislation.
- (e) If, as a result of claiming sick benefit pay under the legislation, an employee is, during his lay-off, deprived of Unemployment Insurance payments for a period for which he would have been entitled for such payments, had he not claimed sick pay benefits under the legislation, the weekly indemnity plan will provide for payment of weekly indemnity to such employee for such remaining part of his lay-off as he would have been entitled to Unemployment Insurance payments had he not used up such entitlement as a sickness claim.
- (f) In the event that the government of the Province of Ontario enacts legislation providing for the payment of monies to employees for loss of income on account of sickness or accident other than sickness or accident arising out of and in the course of their employment, in place of the Federal legislation herein referred to covering that same subject, the parties hereto agree that the provisions of this Article 17.01 shall apply in a like manner.

**17.02** When an employee, covered by the Plan or a part of it, is absent from work because of sickness or other disability which commenced during his active service, the applicable insurance coverage as provided for in

Article 17.01 hereof will be continued by the Company for the employee and his eligible dependents for a period of twelve (12) months from the first of the month following the month in which the disability begins or for the term of the disability, whichever is the shorter.

If the second period of sickness or disability occurs and is unrelated to the previous sickness or disability or is separate from it by three (3) months or more of active Company service, the second disability will be considered a new disability and the applicable insurance coverage provided for in Article 17.01 will again be continued by the Company for the employee and his eligible dependents for a period of twelve (12) months from the first of the month following the month in which the second disability begins, or for the term of the second disability, whichever is the shorter.

- 17.03**
- (a) In the case of an employee's absence while suspended, laid-off on account of no work, or for an authorized leave of absence, the Company will continue to pay the necessary payments to continue the applicable insurance coverage provided for in Article 17.01 for a seniority employee and his eligible dependents for one (1) month following the month in which the employee last performed work for the Company, by paying the monthly premium falling due on the first of the month following the month in which the employee ceased to work for the above reasons.
  
  - (b) In the case of a seniority employee being laid-off on account of no work, the Company will pay premiums upon three thousand dollars (\$3,000.00) of life insurance for such seniority employee for twelve (12) months commencing the month following the month in which the employee last performed work for the Company provided the former employee retains his status as a laid-off person with recall rights pursuant to the provisions of this agreement. If such laid-off employee chooses to pay the premium on the remaining insurance to the extent permitted by the policy, he shall be entitled to do so.

**17.04** For a seniority employee with unbroken service returning to work after reinstatement following an absence for reasons referred to in 5.15 and who has maintained his insurance coverage under the Plan by his own contribution during the full period of absence subsequent to the period paid for by the Company, as provided in Article 5.15 (c), the Company will again assume the cost of such applicable insurance coverage, subject to the regulations of the insurance companies and government agencies involved, by paying the first monthly premium falling due subsequent to the employee's return to work. If the employee's insurance coverage required to be maintained by his own contributions has lapsed during his absence, the Company will, upon his return to work, again assume the cost of such applicable coverage for the employee and his eligible dependents from the earliest effective date permitted under the regulations of the respective insurance plan.

**17.05** Notwithstanding anything to the contrary contained in this Collective Agreement, or in the Group Insurance Plan, Appendix "B" (defined as the Group Insurance Plan Booklet), with regard to the coverage provided, such benefits and plans are necessarily qualified in their entirety by reference to the underlying policies or contracts of insurance. The terms of any contract issued in respect hereof by an insurance agency or governmental agency shall be controlling in all matters pertaining to qualifications of employees for benefits thereunder and in all matters pertaining to the existence and extent of benefits and conditions. Copies of policies and contracts of insurance referred to in Appendix "B" will be given to the Union.

**17.06 Medicare**

The Company will pay one hundred percent (100%) of O.H.I.P. premiums for the duration of this agreement.

**17.07** In the event of any change in the name or substance of O.H.I.P., references to O.H.I.P. shall be deemed to be deleted from this Collective Agreement and the name of the new plan shall be deemed to be substituted thereof.

**17.08** (a) The major medical plan shall become part of the welfare plan or a group insurance plan, which is Appendix "B" of this

Agreement. The overall health care maximum that will be payable for covered expenses incurred for an insured person will be limited to \$10,000 per calendar year.

- (b) **Drug Plan** – The Company will continue, for seniority employees, a fully-paid Drug Plan, including a Drug Card, in which the employee is reimbursed for all of the cost of each prescription. The Company agrees that drug cards will also be supplied to all retirees up to the Government legislated age as per the *Ontario Drug Benefit Act, R.S.O. 1990, c. O. 10*.
- (c) **Dental Plan** – The Company will continue, for seniority employees, a basic Dental Plan with no deductible and no co-insurance, comparable to the Blue Cross Plan No. 7 plus Rider #1. The Company will provide the Union with a copy of the Plan and will provide employees with a summary of the Plan. The Company agrees to pay the Ontario Dental Association Schedule of Fees in accordance with the following:

Commencing January 1, 2016 - the 2015 O.D.A. Schedule of Fees.

Commencing January 1, 2017 - the 2016 O.D.A. Schedule of Fees.

Commencing January 1, 2018 - the 2017 O.D.A. Schedule of Fees.

Effective June 24, 2016 - \$37,000.00

Effective June 24, 2017 - \$38,000.00

Effective June 24, 2018 - \$39,000.00

## **ARTICLE XVIII – TEMPORARY TRANSFERS**

**18.01** An employee who is temporarily transferred to a higher rated job shall be paid the rate of the job to which he is transferred. If the rate of the job to which an employee is temporarily transferred, other than as a result of exercising his seniority during a lay-off or at an employee's request, is less than the rate of his regular job, he shall be paid the rate of his regular job during the period of such temporary transfer. Where the transfer results from the exercise of seniority during lay-off, or as a result of the employee's request, he shall be paid the rate of the job to which he is transferred. Wherever the term "**rate**" or the like is used in this Article 18.01 it shall be deemed to mean "**base rate of the job exclusive of any premiums**".

## **ARTICLE XIX – CHECK OFF OF UNION DUES**

**19.01** The Company shall deduct Union dues including, where applicable, initiation fees and assessments on a weekly or bi-weekly basis, from the wages of each employee covered by this agreement, including students hired during the school vacation period. The amount of dues shall be calculated in accordance with the Union's Constitution.

**19.02** All dues, initiation fees and assessments shall be remitted to the Union forthwith and in any event, no later than fifteen (15) days following the last day of the month in which the remittance was deducted. The remittance shall be sent to the International Secretary Treasurer of the United Steelworkers of America, AFL-CIO-CLC, P.O. Box 13083, Postal Station "A", Toronto, Ontario, M5W 1V7, in such form as shall be directed by the Union to the Company along with a completed Dues Remittance Form R-115. A copy of the Dues Remittance Form R-115 will also be sent to the Union office designated by the Area Coordinator.

**19.03** The remittance and the R-115 form shall be accompanied by a statement containing the following information:

- (a)** A list of the names of all employees from whom dues were deducted and the amount of dues deducted;

- (b) A list of the names of all employees from whom no deductions have been made and reasons; and
- (c) This information shall be sent to both union addresses identified in Article 19.02 in such form as shall be directed by the Union to the Company.

**19.04** The Union shall indemnify and save the Company harmless against all claims or other forms of liability that may arise out of any actions taken by the Company in compliance with this article.

**19.05** The Company, when preparing T-4 slips for the employees, will enter the amount of Union dues paid by the employee during the previous year.

## **ARTICLE XX – AMENDMENTS TO THE AGREEMENT**

**20.01** Amendments may be made to this agreement at any time during the life hereof by the mutual agreement of the parties hereto. Such amendments, however, shall be in writing and effective only when signed by both parties, with the same formality as its agreement.

## **ARTICLE XXI – COPIES OF AGREEMENT**

**21.01** The Company and the Union desire every employee to be familiar with the provisions of this agreement and his rights and obligations under it. Therefore, the Company and the Union agree to share (50/50) the cost of printing this agreement. The parties agree to supply printed copies of the agreement within six (6) months of ratification. In addition the Company will furnish each employee with a copy of the following:

- (a) Pension Plan booklet
- (b) Dental Plan booklet
- (c) Group Insurance Plan booklet including Extended Health Care, Drug Plan, Group Life Insurance, Accidental Death and Dismemberment and Weekly Indemnity Benefits

The Company will also supply copies of the actual plans of insurance to the Union. In addition, the Company will notify the Union, in writing, of any amendments to such plans after the Company has been given notice in writing of such amendments by the insurance carriers.

## ARTICLE XXII – WAGES & C.O.L.A.

**22.01** The wages set out in Schedule “A” attached hereto shall be in effect during the life of this Agreement. The parties recognize that as a result of negotiations, Schedule “A” reflects the following changes:

Year	1	2	3	4
Effective	June 24, 2016	June 24, 2017	June 24, 2018	June 24, 2019
All Classifications	1.5%	1.75%	2.0%	2.0%

An additional 0.75¢ per hour in the first year of the agreement will be provided to Pipefitter, Electricians and Millwrights.

There will be no C.O.L.A increase during this Collective Agreement.

**Cost of Living Allowance** - Cost of Living Allowance is based on a formula of one-cent (1¢) increase for each 0.0957 increase in the Consumer Price Index (1986 = 100 base), calculated quarterly without ceiling. The allowance shall be paid as follows:

Effective on the payment date shown below following the release of the Consumer Price Index (1986 = 100 base) for each of the following months, when compared to the Consumer Price Index (1986= 100 base) for each respective month as shown below, for each 0.0957 increase, a Cost of Living Allowance of one cent per hour will be paid:

### 2006

- (i) March 2006, compared to December 2005 (payment date – April 1, 2006)
- (ii) June 2006, compared to March 2006 (payment date – July 1, 2006)
- (iii) December 2006, compared to September 2006 (payment date – January 2007)

### 2007

- (i) March 2007, compared to December 2006 (payment date – April 1, 2007)
- (ii) June 2007, compared to March 2007 (payment date – July 1, 2007)
- (iii) December 2007, compared to September 2007 (payment date – January 1, 2008)

## 2008

- (i) March 2008, compared to December 2007 (payment date – April 1, 2008)
- (ii) June 2008, compared to March 2008 (payment date – July 1, 2008)
- (iii) December 2008, compared to September 2008 (payment date – January 1, 2009)

## 2009

- (i) March 2009, compared to December 2008 (payment date – April 1, 2009)

Such allowance shall be treated as an “**add-on**” and shall not be incorporated into the wage scale. Such allowance shall be paid for each hour worked and shall not be paid for time not worked, nor shall it be used in the calculation of overtime. The Cost of Living Allowance shall be contingent upon the continuance of the availability of the relevant monthly Statistics Canada Consumer Price Index calculated on the basis of Index (1986=100 base). No adjustment retroactive or otherwise shall be made due to any revision which may be made in the Index by Statistics Canada during the term of this agreement.

For each adjustment during the three (3) three-month periods in each year in which an increase in the Cost of Living Allowance shall be required according to the foregoing, the amount of the increase so required each three-month period shall be reduced by one cent (1¢) up to a maximum reduction during this contract of six cents (6¢).

Any decrease in the cost of Living Allowance calculated from comparisons on the Consumer Price Indexes in any of the quarterly periods specified above shall reduce the net accumulated Cost of Living Allowance provided for above.

Continuance of the Cost of Living Allowance will be contingent upon the availability of the Index in its present form and calculated on the same basis as the Index for October, 1992, unless otherwise agreed upon by the parties. If Statistics Canada changes the form or the basis of calculating the Index, the parties agree to request Statistics Canada to make available, for the life of this agreement, a monthly Index in its present form and calculated on the same basis as the Index for October, 1992. There shall be a trigger in each contract year so that there is no C.O.L.A. payment in a year until the amount of C.O.L.A. generated by the formula exceeds twenty-five (25¢) cents for such year. In such case the C.O.L.A. payment will be the amount of C.O.L.A. in excess of twenty-five (25¢) for such contract year. This clause expires with the expiry of the agreement.

## **ARTICLE XXIII – MAINTENACE DEPARTMENT TOOL ALLOWANCE**

**23.01** In the Maintenance Department, the Company will pay up to two hundred dollars (\$200.00) per year for tools purchased that are required for and used in the plant, upon receipt of sales slips verifying purchases. Stationary Engineers and Jig Crews will be added to this article effective April 6, 2006. Lift Truck Mechanical Repairs classification in Department 363 will also be added to this article. Maintenance employees may accumulate the annual tool allowance during the term of this Collective Agreement to a maximum of eight hundred dollars (\$800.00), to be used with in the term of this Collective Agreement.

## **ARTICLE XXIV – DURATION**

**24.01** This agreement shall become effective on the 24th of June 2016, and shall remain in full force and effect and shall not be re-openable, save and except as other wise herein expressly provided, until the 23<sup>rd</sup> day of June 2020, and shall continue automatically thereafter during annual periods of one year each, unless either party notifies the other party in writing as provided for in clause 24.02 hereof of its desire to negotiate amendments to this agreement.

**24.02** Notice that amendments are required shall only be given during the period of not more than ninety (90) days and not less than thirty (30) days prior to the 23<sup>rd</sup> day of June 2020, or during similar annual periods thereafter. If notice of desire to amend this Agreement is given by either party in accordance with the foregoing, the other party agrees to meet for the purpose of negotiation.

## APPENDIX "A"

IN THE MATTER OF AN INQUEST PURSUANT TO THE CORONERS' ACT, 1972 AND AMENDMENTS THERETO:

WITH RESPECT TO AN INQUEST RE: CHARLES LORD, THIS AGREEMENT IS ENTERED INTO AS OF THE 19th DAY OF MARCH, 1979

BETWEEN:

**NATIONAL STEEL CAR LIMITED**

(hereinafter referred to as the "Company")

- AND -

**THE UNITED STEEL, PAPER AND FORESTRY, RUBBER, MANUFACTURING, ENERGY, ALLIED INDUSTRIAL AND SERVICE WORKERS INTERNATIONAL UNION, LOCAL 7135**

(hereinafter referred to as the "Union")

In view of the circumstances surrounding this matter and in view of the desire of both the Company and the Union to take steps to avert a recurrence of this incident, the Company and the Union jointly adopt and agree to the implementation of the following measures in the hope of achieving this objective:

### **1. Orientation**

In addition to the present safety meetings held for new employees and in addition to the showing of the safety film, it is agreed that all newly hired employees, before commencing work, will be given a tour of the plant and have a safety lecture during such tour, provided by the Company's Safety Director or his designate.

### **2. Accident Procedures**

The Company will post up in conspicuous places in the plant, procedures to be followed in case of accident with respect to:

- (i) getting the employee to First Aid where it appears that the employee can be moved;
- (ii) calling a Union Safety Representative;
- (iii) calling for an ambulance where necessary;
- (iv) notifying the Ministry of Labour;
- (v) notifying the police where necessary.

The senior supervisory person available in the area will be responsible for seeing that the foregoing is done.

- 3. In all car erection shops, only the lead hand or his supervisor will have authority to order movement of cars either along the line or off the line. The Company will continue to make sure the line has been cleared before cars are moved in the erection shops.
- 4. The Company will continue to investigate alternative or additional methods of warning employees of the movement of cars in the plant.
- 5. In all car erecting shops, only a tractor, and not a locomotive, will be used to move a car out of the erection shops.
- 6. Warning stickers will be placed at numerous locations throughout the plant and a notice will be placed inside the cover of the Plant Rule Book in the following text:  
  
**“Employees are warned to expect the movement of trains, engines, or cars at any time, in any location, on any track, in or from any direction.”**
- 7. Adequate supplies of soft blocks for wheels will be provided in all appropriate areas.
- 8. Directives from the Ministry of Labour will continue to be posted on all bulletin boards and will continue to be discussed at all safety meetings.
- 9. The Company will continue with its program of safety meetings.

10. The Company will continue to pay for employee's time and tuition for the St. John's Ambulance Course and I.A.P.A. Safety Courses and both the Company and the Union will encourage employees to enroll.
11. The Company and the Union recognize that they both have a joint responsibility to see that proper safety procedures are practiced at all levels so that National Steel Car Limited becomes a safer place to work. To this end, there will be renewed efforts made by the Union and management personnel to approach safety with an evermore positive attitude and with a spirit of cooperation.

In this connection, a committee of Union safety representatives and management personnel will make in-plant tours on a periodic basis. In addition, meetings of the Area Safety Committees will continue to involve personnel from line management and from the employee body so that a better awareness and practice of safe work habits is developed. Nothing contained in this agreement shall be construed in such a way as to suggest fault or wrongdoing by either party to this agreement or by any person.

**LETTER OF UNDERSTANDING**  
**RE: INCENTIVES**

When the Company establishes a new rate on an incentive operation, an employee who feels such new rate does not permit him to make incentive earnings over day rate, may file with his foreman, on a form provided, a request to have his job (i.e. the rate) investigated. The Company will furnish the Union with a copy of the employee's request.

If, after such investigation, the employee still feels that the rate does not permit him to make incentive earnings over day rate, the Company will, on request of the employee, meet with the employee and a Union representative and explain to them how the rate was arrived at.

The Company agrees to continue the current employee incentive plan for the duration of the Collective Agreement.

The continuance of the incentive plan and the Company's agreement regarding the right of review of the Company's decision on making incentive will be grievable, but, no other aspect of the plan will be grievable which includes the Company's right to set the incentive rates. If a grievance is filed under this letter alleging improper pay on incentives, upon request by the Union, the Company will allow the Union to review time study information.

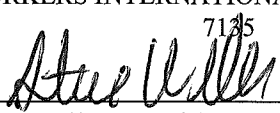

It is agreed that on a semi-annual basis, if requested by the Union president, a meeting will be held with the Vice-President of Human Resources and the Union President to discuss concerns that may arise concerning incentives.

## **Schedule "1"**

### **An Agreement reached between National Steel Car Limited and the United Steelworkers of America and Local 7135, as relates to a joint application to the Financial Services Commission of Ontario to address the present Defined Benefit Pension Plan deficiencies.**

National Steel Car Limited (the "Company"), the United Steelworkers of America and Local 7135 (collectively the "Union") agree to make a joint proposal to Financial Services Commission of Ontario ("FSCO") to address the present Defined Benefit Pension Plan (the "Plan") deficiencies on the following terms:

- A. The Company proposes to make the following payments to the Plan, commencing as of the date that this proposal is ratified by the Union (the "Acceptance Date"):
1. Continue to make all current service contributions as and when due.
  2. Amortization over a ten year period of the entire solvency deficiency from the solvency valuation using smoothing of assets and liabilities that will be performed as at December 31, 2011. The Entire Solvency deficiency as at December 31, 2011 using smoothing includes the solvency special payments that are outstanding as of December 31, 2011 in respect of prior years. Annual payments on this basis are currently estimated at \$6.0 million and will amortize evenly over 12 monthly payments (the "Monthly Payments").
  3. As of the Acceptance Date, a one-time special pre-payment of the Monthly Payments under the Plan of \$2,500,000 (the "Acceptance Payment"). The Acceptance Payment will be applied to the required Monthly Payments until such pre-payment has been fully applied (the pre-payment is currently estimated to represent approximately 5 Monthly Payments).
  4. Each year following the completion of the audit of the Company's financial statements, a lump sum special payment equal to 25% of the Company's "Incremental EBITDA" (as defined below) for that year, if any, (the "Additional Contributions").

For purposes of calculating each Additional Contribution, "Incremental EBITDA" is defined as the Company's earnings before interest, taxes, depreciation and amortization ("EBITDA") for the year, less the "Baseline EBITDA" for the year.

"Baseline EBITDA" is defined as the total of the following amounts:

- (i) Current service contributions made to the Plan.
- (ii) Monthly Payments made to the Plan.
- (iii) Acceptance Payment made to the Plan.
- (iv) Capital Expenditures.
- (v) Cash interest expense.
- (vi) Cash payments of income tax.
- (vii) Principal payments on loans.
- (viii) Cash Flow/Working Capital Cushion.

The Additional Contribution calculation will be provided to the Union on an annual basis within 30 days following the completion of the audit of the Company's financial statements, and any required Additional Contributions will be remitted to the Plan 30 days thereafter.

The Monthly Payments and Additional Contributions will continue to be made until the Plan is fully funded (i.e. until the solvency deficiency has been eliminated).

5. Should any Additional Contributions be made by the Company at any point in time, and the Company's EBITDA in any subsequent year(s) falls below \$20,000,000, the Company will have the option to allocate any and all Additional Contributions made as prepaid amounts against required Monthly Payments in any year such year that EBITDA falls below \$20,000, 000.
  6. On each subsequent annual valuation of the Plan, any increase in required Monthly Payments will be calculated on the basis of a 10 year amortization of such increased amounts.
  7. Any increase in the valuation of the Plan that results in a reduction to the solvency deficiency on a smoothed basis, will result in the required Monthly Payments being recalculated based on a straight-line amortization over the remaining years in the original 10 year amortization.
  8. Quarterly accountability mechanisms with the custodian to be established, confirming that agreed upon payments are being made.
- B. Upon ratification, the Union and the Company will request a meeting with FSCO to implement this plan.
- C. The Union agrees to support this plan with FSCO and approves the same.

**LETTER OF UNDERSTANDING**  
**RE: SKILLED OCCUPATIONS**

The Company and the Union agree that throughout the life of their Collective Agreement dated the 24<sup>th</sup> day of June, 2012, the Company has the right to increase the rates of any of the Skilled Occupations, notwithstanding anything to the contrary contained in the Collective Agreement.

The term "Skilled Occupations" shall mean those occupations designated as "Skilled Occupations" in the Memorandum of Agreement between the parties dated the 25<sup>th</sup> day of May, 1973, amended October 5, 1981, amended January 27, 1996 and attached.

Any such increase when made, shall not be made on an individual employee basis, but shall apply throughout the classifications or classification designated. The Company shall notify the Union of such increase by letter prior to installation. The letter of notification shall be signed by the Local Union President. Such increase or increases shall become incorporated in the occupation rate and in Schedule "A" of the Collective Agreement.

**RE: VIDEO SURVEILLANCE**

The Company and the Union have had in-depth discussions with respect to the Company's introduction of video camera monitoring equipment.

The Company has advised the Union that the introduction of video cameras was motivated out of genuine concerns for worker safety, theft, vandalism, and sabotage in the plant.

The Union has expressed its concerns over Union Members' rights to privacy and that the Company should pursue other non-invasive methods of investigating alleged employee misconduct and health and safety concerns.

The Company acknowledges the Union's expressed concern that video cameras not be used to monitor work performance nor should they place employees under constant surveillance.

The Company agrees that video cameras will not be used to monitor work performance nor is it the intention to place an employee under constant surveillance. However, this may occur when the cameras are used for the purposes as identified in paragraph 2 of the Letter of Understanding.

The Company has agreed to notify the Union President and the Chairman of the Plant Grievance Committee prior to the installation of more video surveillance cameras in the plant.

**LETTER OF UNDERSTANDING**  
**RE: CONTRACTING OUT**

The Company and the Union are committed to the scope and purpose clause as set out in Article 1.01 of the Collective Agreement. Through this commitment, the Company and the Union agree that from time to time, contracting out of work which is normally performed by the bargaining unit may need to take place. However, in order to ensure the integrity of the bargaining unit, it is agreed that issues as relates to contracting out can be discussed at the initiative of either party at monthly Company/Union Meetings.

In order for the parties to have meaningful discussions with respect to resolving contracting out/outsourcing issues, the Company agrees to provide to the local Union President, fifteen (15) days' notice in advance of any implementation of any third party contract in which the third party proposes to contract out work which is normally performed by the bargaining unit. Such notice will be in writing and will give particulars as to the bargaining unit positions that are affected.

None of the provisions of this letter commit the Company to any capital expenditure other than as it deems necessary (i.e. buildings, machinery and mobile equipment).

In instances where the practice has been to have work performed by contractors, the Union may review the situations and recommend change to the Company, for the purposes of discussion. It is agreed and understood that the ultimate decision will rest with the Company as to the use of contractors. Cost considerations would be a factor in reviewing contracting/outsourcing work. The Company is committed to fully utilizing its Electricians, Millwrights, Automatic Welding Machine Maintenance and Pipefitters and protecting the integrity of the Electrical, Millwright, Welding Service and Pipefitting Departments.

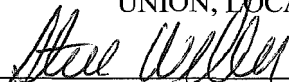

The Company and the Union recognize that there may be occasions when emergency repairs require the need for immediate contracting out of work, and in those circumstances the fifteen (15) day notice period would not be provided but notice of the work would be given to the local Union President as soon thereafter as is possible in such situations.
